### **Report description:**

Demand for both adult and paediatric analgesics continued to grow in retail volume terms in 2023. Such products are widely used in Poland, particularly in the case of pain which is fleeting or immediate. With the rapid pace of modern life, consumers do not always have the time to see a doctor or delve into the root causes of their discomfort. Many now turn to online resources, such as specialised websites and discussion forums for advice, even though this is not always backed by reliable research...

Euromonitor International's Analgesics in Poland report offers a comprehensive guide to the size and shape of the market at a national level. It provides the latest retail sales data 2018-2022, allowing you to identify the sectors driving growth. Forecasts to 2027 illustrate how the market is set to change.

Product coverage: Systemic Analgesics, Topical Analgesics/Anaesthetic.

Data coverage: market sizes (historic and forecasts), company shares, brand shares and distribution data.
