Report description:

Cough, cold and allergy (hay fever) sales are expected to be slightly down in 2023. This is partly a result of the very strong performance seen in the previous year, as the lifting of COVID-19 related restrictions led to greater social contact and the return of cold and flu infections. It should be noted that sales in 2023 are set to remain significantly higher than was seen in 2019, immediately before the outbreak of COVID-19. This higher value partly stems from new product development and acti...
