- Multiple User License (Global) €2475.00

Report description:

Dietary supplements is a dynamic consumer health category, which benefits from frequent new product launches year-round. In 2023, the category is witnessing strong double-digit current value growth due to strong consumer demand and rising unit prices triggered by inflation, which has boosted current value performance. The significant consumer demand for dietary supplements is largely driven by the positive impact that health and wellness trends have on local consumers. These trends are triggerin...

Euromonitor International's Dietary Supplements in Bosnia and Herzegovina report offers a comprehensive guide to the size and shape of the market at a national level.
