Report description:

Retail sales of digestive remedies saw accelerated growth in constant value terms in 2023, as consumers returned to their busy, pre-pandemic lifestyles. With fears over the COVID-19 pandemic beginning to subside, there was notable increase in the number of social gatherings, including dining out in restaurants and bars. This led to a surge in demand for digestive remedies, including antacids, proton pump inhibitors and diarrhoeal remedies, as consumers sought to counteract the effects of overin...
