- Multiple User License (Global) €2475.00

Report description:

The return of consumers to their busy pre-pandemic lifestyles, together with their inherent stresses, led to a rising incidence of digestive problems in 2023. Busier workers had less time to maintain good dietary habits, with meals frequently consumed in vehicles, at office desks, or on-the-go. Consumers also increasingly opted for microwaveable frozen foods over traditional, home-cooked meals, which negatively impacted digestion.

Euromonitor International's Digestive Remedies in Poland report offers a comprehensive guide to the size and shape of the market at a national level. It provides the latest retail sales data 2018-2022, allowing you to identify the sectors driving growth. Forecasts to 2027 illustrate how the market is set to change.

Product coverage: Diarrhoeal Remedies, IBS Treatments, Indigestion and Heartburn Remedies, Laxatives, Motion Sickness Remedies, Paediatric Digestive Remedies.

Data coverage: market sizes (historic and forecasts), company shares, brand shares and distribution data.
