Report description:

Egypt has a hot and dry climate, and this causes many consumers to suffer from dry eye. Additionally, an increasing population uses screens while working in an air-conditioned environment, which can further exacerbate dry eye symptoms.

Euromonitor International's Eye Care in Egypt report offers a comprehensive guide to the size and shape of the market at a national level. It provides the latest retail sales data 2018-2022, allowing you to identify the sectors driving growth. Forecasts to 2027 illustrate how the market is set to change.

Product coverage: Allergy Eye Care, Standard Eye Care.

Data coverage: market sizes (historic and forecasts), company shares, brand shares and distribution data.

Why buy this report?

- * Get a detailed picture of the Eye Care market;
- * Pinpoint growth sectors and identify factors driving change;
- * Understand the competitive environment, the market's major players and leading brands;
- * Use five-year forecasts to assess how the market is predicted to develop.

Euromonitor International has over 40 years' experience of publishing market research reports, business reference books and online information systems.
