Report description:

Sports nutrition is performing well in 2023 thanks to renewed consumer demand in the post-pandemic period, which is helping the category to surpass pre-pandemic sales levels. Generally, sports nutrition products are used by both professional athletes and body builders, as well as individuals and training enthusiasts. Younger consumers are particularly eager to maintain a fit and toned body, and so building muscle and exercising regularly has become part of their daily life routine. The number of...

Euromonitor International's Sports Nutrition in Bosnia and Herzegovina report offers a comprehensive guide to the size and shape of the market at a national level.
