### **Report description:**

Despite the lifting of COVID-19 restrictions at the end of 2022, in 2023 consumers have not fully emerged from the shadow of COVID-19. Lingering health concerns and illness have led to an increased focus on health and immunity. This heightened awareness has cast a shadow on products related to weight loss, as they are often associated with a potential compromise in immune function. Moreover, with consumer spending relatively subdued in 2023, and not set to fully recover to the pre-pandemic level...
