Report description:

Weight management and wellbeing product sales are set to fall in 2023. One reason for this decline is the new regulations from the European Commission requiring companies to change the ingredients and consistency of products. In addition to this, the overall trend has been away from weight management to active sports diets in line with a generally more holistic, proactive and preventive approach to maintaining physical and mental health and wellbeing. Indeed, many Finns have a negative impressio...

Euromonitor International's Weight Management and Wellbeing in Finland report offers a comprehensive guide to the size and shape of the market at a national level. It provides the latest retail sales data 2018-2022, allowing you to identify the sectors driving growth. Forecasts to 2027 illustrate how the market is set to change.
