Report description:

Wound care saw a significant downturn in demand in 2020 as Portugal went into lockdown due to COVID-19. The category already had a high level of penetration in Portugal and therefore in 2021 and 2022 some Portuguese consumers were still using stock they already had at home and did not use during the months impacted by COVID-19 restrictions. Therefore, there was still room for growth in 2023. Aside from the end of the pandemic, sales in 2023 have also benefited from the increase in tourism activi...

Euromonitor International's Wound Care in Portugal report offers a comprehensive guide to the size and shape of the market at a national level.
