### **Report description:**

The consumption of butter and spreads continues to normalise in 2023, following the heightened demand witnessed during the COVID-19 pandemic, when Finns cooked and ate more at home. In addition, unit prices increased in 2022 and continued to do so at the beginning of 2023, leading to high levels of competition on the landscape, with more competitively priced private label offerings managing to capture sales from brands.

Euromonitor International's Butter and Spreads in Finland report offers in-depth knowledge of the market at a national level, providing local insight and understanding unavailable elsewhere. In addition to the latest retail sales data 2018-2022, it identifies the leading companies, brands and retail outlets, and assesses the key trends and demographic shifts behind consumer demand and sales growth.
