### **Report description:**

Butter and spreads saw accelerated growth in retail volume terms in 2023, thanks to the continuation of the home cooking and baking boom, which took off during the pandemic and which showed no signs of abating, despite that fact that consumers spent more time outside the home. As butter and margarine are among the most common ingredients in the preparation of meals and baked goods, category sales naturally benefited from this trend. Demand was further buoyed by the trend towards consuming breakf...

Euromonitor International's Butter and Spreads in Philippines report offers in-depth knowledge of the market at a national level, providing local insight and understanding unavailable elsewhere. In addition to the latest retail sales data 2018-2022, it identifies the leading companies, brands and retail outlets, and assesses the key trends and demographic shifts behind consumer demand and sales growth. How key trends such as health and wellness, sustainability and recovery from the pandemic are shaping the market in <|Year|> directly informs our forecasts to 2027, clearly indicating how the market is expected to change.
