### **Report description:**

Cheese is expected to register muted constant value growth, but healthy volume growth in 2023. A significant number of newly-arrived migrants from Ukraine, escaping from the war, is also expected to increase volume sales. However, inflation is expected to still be an issue, though its growth is expected to ease. As a result, consumers are expected to be price sensitive and prioritise value for money. Hard cheese continues to be the most popular in terms of volume sales and also registers to regi...
