Report description:

Dairy products and alternatives is expected to register healthy current value growth and more moderate volume growth. Continuing economic uncertainty as a result of Russia's invasion of Ukraine and high inflation is continuing to have an effect and consumers are expected to be highly price sensitive and prioritise value for money. Players are responding by offering discounts in the range of 30-40% and also offering promotions such as buy two, and get one free. These initiatives ensure that consu...

Euromonitor International's Dairy Products and Alternatives in Georgia report offers in-depth knowledge of the market at a national level, providing local insight and understanding unavailable elsewhere. In addition to the latest retail sales data 2018-2022, it identifies the leading companies, brands and retail outlets, and assesses the key trends and demographic shifts behind consumer demand and sales growth.
