### **Report description:**

Packaged fresh milk remains a niche product in Cameroon for several reasons. One of the primary factors is the absence of a dairy processing plant, despite the country's annual production of over 270,000 tonnes of fresh cow milk. It is important to note that there is an annual deficit of 130,000 tonnes in the country. Additionally, the demand for packaged fresh milk is quite low due to a strong preference for powder milk. This preference for powder milk further discourages investment in the prod...
