- Multiple User License (Global) €2475.00

Report description:

Current value sales are expected to increase, along with a healthy increase in volume sales. While there is still economic uncertainty, as a result of rising inflation, the growth in inflation is expected to ease. That being said, consumers are expected to continue to be highly price sensitive and prioritise value for money. Therefore, more expensive products such as Greek yoghurt, which is popular due to its higher protein content, sees growth stall, due to higher prices.

Euromonitor International's Yoghurt and Sour Milk Products in Costa Rica report offers in-depth knowledge of the market at a national level, providing local insight and understanding unavailable elsewhere. In addition to the latest retail sales data 2018-2022, it identifies the leading companies, brands and retail outlets, and assesses the key trends and demographic shifts behind consumer demand and sales growth. How key trends such as health and wellness, sustainability and recovery from the pandemic are shaping the market in <|Year|> directly informs our forecasts to 2027, clearly indicating how the market is expected to change.

Product coverage: Sour Milk Products, Yoghurt.

Data coverage: market sizes (historic and forecasts), company shares, brand shares and distribution data.

Why buy this report?

- * Get a detailed picture of the Yoghurt and Sour Milk Products market;
