Report description:

Analgesics in Uzbekistan is still developing with growth opportunities in several subcategories. Current value sales remained in double-digits in 2023 continuing the trend seen throughout the review period. Analgesics tend to be purchased in anticipation of illness or injury, rather than waiting for sickness to strike and as such, tend to be found in general-purpose household first-aid kits. With inflation falling slightly in 2023, retail volume sales of acetaminophen has picked in 2023. Similar...
