Report description:

Most cough, cold and allergy (hay fever) remedies categories in Hungary are set to expand in volume terms in 2023 or record slower rates of decline than in 2022. Similar to the case with analgesics, the need for these products has been bolstered by the increased spread of seasonal respiratory illnesses and greater exposure to pollen and other airborne allergens as life in the country continues to return to normal in the wake of the pandemic. Ongoing community transmission of COVID-19 has provide...
