Report description:

The decline in consumers' disposable income due to rising prices is dampening demand for consumer health products that are not seen as essential, such as many dermatologicals products. In the current economic climate in particular, Serbian consumers mainly purchase necessary medicines. Hair loss treatment and medicated shampoos are performing better than other areas of dermatologicals because consumers are spending more time outside home. In addition, consumers got used to using such products du...

Euromonitor International's Dermatologicals in Serbia report offers a comprehensive guide to the size and shape of the market at a national level.
