### **Report description:**

Dermatologicals in Tunisia is experiencing robust growth in current value terms in 2023 with this being driven by several factors that are contributing to the category's success. One of the key drivers is the rising urbanisation of the population in the country, which has led to an increased demand for several products and treatments. Urban environments are typically more polluted and have poorer air quality which contributes to various skin conditions such as eczema, acne and psoriasis. Additio...
