### **Report description:**

The demand for weight management and wellbeing products is set to grow over 2023, having experienced fluctuation in the earlier years of the review period. Many consumers continue to struggle to lose weight gained during the periods of lockdown and home seclusion that followed the outbreak of the Coronavirus (COVID-19) pandemic in 2020. Some of these consumers are looking for alternative methods to support their weight management and wellbeing efforts, as they socialise more frequently and retur...
