Report description:

Lisbon and Porto stand out as Portugal's most economically dynamic cities, while Braga shows the greatest potential for future economic development. Nonetheless, cities in Portugal will face ongoing challenges. In the short term, these include a global economic slowdown, inflationary pressures, and tighter financial conditions. In the long term, the ageing population will pose a significant concern.

Euromonitor International's City Review reports analyse key trends and developments in 126 world's major cities. They provide localised city information in terms of economy, consumer lifestyles, housing and transport and city environment and offer valuable insights for strategic planning.

Data coverage: market sizes (historic and forecasts), company shares, brand shares and distribution data.

Why buy this report?
