Report description:

Emalahleni and Pretoria are emerging as vibrant economic hubs in South Africa, with Emalahleni experiencing the fastest population increase between 2022 and 2027. Cape Town and Pretoria are set to lead in digital connectivity among cities, while Johannesburg is set to lead in terms of per capita disposable income. However, South African cities will continue to face persistent challenges, including a global economic slowdown and rising inflationary pressures.

Euromonitor International's City Review reports analyse key trends and developments in 126 world's major cities. They provide localised city information in terms of economy, consumer lifestyles, housing and transport and city environment and offer valuable insights for strategic planning.

Data coverage: market sizes (historic and forecasts), company shares, brand shares and distribution data.

Why buy this report?
