development research, financial research, and legal process outsourcing (LPO).

- Procurement and Supply-Chain BPO: Procurement BPO covers the outsourcing of key procurement processes including sourcing support and administration, contract management, demand management, supplier relationship management, and performance reporting.
- Vertical-specific BPO: Vertical-specific BPO covers the outsourcing of services that require domain expertise. Vertical-specific BPO includes a range of processes such as insurance and annuities policy administration, claims and transaction processing, credit card analytics for banks and insurers, patient administration, medical coding, clinical research, and drug discovery and development for healthcare providers and pharmaceuticals.
- All market data and forecasts are represented in nominal terms (i.e., without adjustment for inflation) and all currency conversions used in the creation of this report have been calculated using constant 2022 annual average exchange rates.
- The global BPO services market had total revenues of \$304.5 billion in 2022, representing a compound annual growth rate (CAGR) of 6.1% between 2017 and 2022.
- The vertical-specific BPO segment accounted for the market's largest proportion in 2022, with total revenues of \$80.7 billion, equivalent to 26.5% of the market's overall value.
- Financial constraints limit small enterprises' ability to hire specialized staff for each business function and department. Therefore, the growth in the number of SMEs is supporting the global BPO services market.
