Report description:

Towards the end of the review period, demand for analgesics was supported by the widening of the consumer base for these products as the advantages of using analgesics to manage headaches and other moderate types of pain became better known among the local population. It should be noted that there is a high level of consumer loyalty to the leading brands of analgesics in the Philippines and, as a result, brand name and reputation remain absolutely crucial influences on demand for analgesics in t...

Euromonitor International's Analgesics in Philippines report offers a comprehensive guide to the size and shape of the market at a national level. It provides the latest retail sales data 2018-2022, allowing you to identify the sectors driving growth. Forecasts to 2027 illustrate how the market is set to change.
