### **Report description:**

Discounters significantly benefited from the pandemic as greater at-home consumption and increasing price sensitivity amongst local consumers meant that they sought value for money. This resulted in double-digit current value growth for the channel in 2020, making it the strongest performer in grocery retailers, as this format is perceived as offering more competitive, and therefore more affordable, prices. Many local consumers prefer discounters for the physical shopping experience, identifying...

Euromonitor International's Discounters in Israel report offers insight into key trends and developments driving the industry. The report examines all retail channels to provide sector insight. Channels include hypermarkets, supermarkets, discounters, convenience stores, mixed retailers, health and beauty retailers, clothing and footwear retailers, furniture and furnishing stores, DIY and hardware stores, durable goods retailers, leisure and personal goods retailers. There are profiles of leading retailers, with analysis of their performance and the challenges they face. There is also analysis of non-store retailing: vending; homeshopping; internet retailing; direct selling, as available.

Data coverage: market sizes (historic and forecasts), company shares, brand shares and distribution data.
