Report description:

Sustainable designs and eco-friendly practices have become increasingly important in the construction of new hotels. Germany, known for a commitment to environmental sustainability, has embraced "green" building practice in hospitality. Many new hotels are designed with energy-efficient features, such as solar panels, rainwater harvesting systems and smart lighting and climate control systems. Moreover, sustainable materials and construction techniques are being utilised to minimise the environm...

Euromonitor International's Lodging (Destination) in Germany report offers a comprehensive guide to the size and shape of the market at a national level. It provides the latest market size data 2018-2022, allowing you to identify the sectors driving growth.
