Report description:

Video games continued to see dynamic growth in current value terms in 2022 as consumers continued to seek entertainment options whilst spending time at home. The category also continued to benefit from the dynamic growth of next-generation consoles, PlayStation 5 and Xbox Series X. Although these static consoles were launched at the end of 2020 manufacturers found themselves unable to satisfy the demand, resulting in out of stocks becoming the norm during 2020 and 2021. While the pandemic's nega...
