KEY FINDINGS

The North America defoamers market is set to record a CAGR of 4.98% in terms of revenue and xx% in terms of volume during the forecasted years of 2024 to 2032. The rising demand for pulp and paper across the region, as well as the increasing demand across the paints and coatings industry, represent key market drivers propelling the North America defoamers market growth. MARKET INSIGHTS

Canada and the United States are assessed for the North America defoamers market growth evaluation. Several major paint manufacturing companies are pursuing inorganic expansion through acquisitions, which is anticipated to stimulate paint production in the United States. Consequently, this is expected to drive the increased use of defoamers in the industry. For instance, US-based paint manufacturer Sherwin-Williams completed a significant acquisition, acquiring Valspar for approximately \$xx billion. This strategic acquisition is set to enhance Sherwin-Williams' paints and coatings portfolio, further fueling the adoption of chemical defoamers in the paint manufacturing processes. Notably, Canada also plays a significant role in these markets. As a result, the aforementioned factors are anticipated to boost the North America defoamers market growth during the projected period.

COMPETITIVE INSIGHTS

Key companies operating in the market are Dow Corning Corporation, Clariant International Limited, BASF SE, etc. Our report offerings include:

- Explore key findings of the overall market
- Strategic breakdown of market dynamics (Drivers, Restraints, Opportunities, Challenges)
- Market forecasts for a minimum of 9 years, along with 3 years of historical data for all segments, sub-segments, and regions
- Market Segmentation caters to a thorough assessment of key segments with their market estimations
- Geographical Analysis: Assessments of the mentioned regions and country-level segments with their market share
- Key analytics: Porter's Five Forces Analysis, Vendor Landscape, Opportunity Matrix, Key Buying Criteria, etc.
- The competitive landscape is the theoretical explanation of the key companies based on factors, market share, etc.
- Company profiling: A detailed company overview, product/services offered, SCOT analysis, and recent strategic developments
