Report description:

Asia-Pacific (APAC) Government Spending Market Summary, Competitive Analysis and Forecast to 2027

Summary

Government Spending in Asia-Pacific industry profile provides top-line qualitative and quantitative summary information including: market size (value 2017-22, and forecast to 2027). The profile also contains descriptions of the leading players including key financial metrics and analysis of competitive pressures within the market.

Key Highlights

- The government spending sector is the total amount of public sector expenditure at any sort of level, including central government, local government etc. It is split into the following segments: defense, education, social protection, healthcare, and other.
- The Asia-Pacific government spending sector had a total expenditure of \$6,993.4 billion in 2022, representing a compound annual growth rate (CAGR) of 6% between 2017 and 2022.
- The social protection segment accounted for the sector's largest proportion in 2022, with a total expenditure of \$1,413.2 billion, equivalent to 20.2% of the sector's overall value.
- Government spending across sectors is primarily driven by demographic trends, economic conditions, security considerations, public sentiment, and technological advancements. Demographics, including population size and age distribution, shape the need for investments in healthcare, education, and pensions. For instance, according to GlobalData, the proportion of government expenditure in the GDP of China increased by 3.7% in 2022 from the previous year.

- Save time carrying out entry-level research by identifying the size, growth, major segments, and leading players in the government spending market in Asia-Pacific
- Use the Five Forces analysis to determine the competitive intensity and therefore attractiveness of the government spending market in Asia-Pacific
- Leading company profiles reveal details of key government spending market players' global operations and financial performance
- Add weight to presentations and pitches by understanding the future growth prospects of the Asia-Pacific government spending market with five year forecasts

Reasons to Buy

- What was the size of the Asia-Pacific government spending market by value in 2022?
- What will be the size of the Asia-Pacific government spending market in 2027?
- What factors are affecting the strength of competition in the Asia-Pacific government spending market?
- How has the market performed over the last five years?
- What are the main segments that make up Asia-Pacific's government spending market?

Table of Contents:

Table of Contents

1 Executive Summary

1.1. Market value

1.2. Market value forecast

1.3. Category segmentation

1.4. Geography segmentation

1.5. Market rivalry

1.6. Competitive landscape

2 Market Overview

2.1. Market definition

2.2. Market analysis

3 Market Data

3.1. Market value

4 Market Segmentation

4.1. Category segmentation

4.2. Geography segmentation

5 Market Outlook

5.1. Market value forecast

6 Five Forces Analysis

6.1. Summary

6.2. Buyer power

6.3. Supplier power

6.4. New entrants

6.5. Threat of substitutes

6.6. Degree of rivalry

7 Competitive Landscape

7.1. Who are the leading players?

7.2. What strategies do leading players follow?

Scotts International. EU Vat number: PL 6772247784
