- Multiple User License (1 Site) €1650.00
- Multiple User License (Global) €2475.00

Report description:

Analgesics continued to see solid growth in current value terms in 2023, following the easing of most COVID-19-related restrictions in September 2022. With measures such as lockdowns, mandatory mask-wearing and social distancing no longer in place, the virus was able to spread quickly through the population. Moreover, with the symptoms being relatively mild in most cases, consumers turned to OTC analgesics for relief.

Euromonitor International's Analgesics in New Zealand report offers a comprehensive guide to the size and shape of the market at a national level. It provides the latest retail sales data 2018-2022, allowing you to identify the sectors driving growth. Forecasts to 2027 illustrate how the market is set to change.

Product coverage: Systemic Analgesics, Topical Analgesics/Anaesthetic.

Data coverage: market sizes (historic and forecasts), company shares, brand shares and distribution data.

Why buy this report?

- * Get a detailed picture of the Analgesics market;
- * Pinpoint growth sectors and identify factors driving change;
- * Understand the competitive environment, the market's major players and leading brands;
- * Use five-year forecasts to assess how the market is predicted to develop.
