Report description:

As social restrictions have been removed in Hong Kong and consumers are gradually returning to their pre-pandemic routines, there has been a notable surge in demand for hosiery. After a period of reduced social interactions and remote working, consumers are starting to attend events, meet friends, and return to the office and school. This shift in lifestyles has sparked a renewed interest in fashion and personal style, leading to increasing demand for hosiery as essential accessories. However, a...

Euromonitor International's Hosiery in Hong Kong, China report offers a comprehensive guide to the size and shape of the market at a national level. It provides the latest retail sales data 2018-2022 and analysis by distribution format allowing you to identify the sectors driving growth.
