Report description:

Demand for hosiery improved significantly in 2023, continuing the trend of the previous year. The return of consumers to their physical offices boosted demand for sheer hosiery, as did an increase in the number of social outings, as tights tend to be worn by women for special occasions. Major fast-fashion brands, including H&M, Monki, Pull & Bear, Zara and Mango, among others, supplied the rising demand for sheer hosiery items, as they appealed to the price conscious.
