Report description:

Consumer lending in Italy maintained positive, albeit modest growth in current value terms in 2023, as ongoing economic uncertainty led many Italians to retain a cautious attitude towards borrowing. Factors such as high inflation rates, increasing ECB interest rates and high energy prices served to erode consumer confidence, as well as disposable incomes.

Euromonitor International's Consumer Lending in Italy report establishes the size and structure of the market for ATMs cards, smart cards, credit cards, debit cards, charge cards, pre-paid cards and store cards.
