Report description:

While Morocco saw dynamic demand for consumer lending immediately post-pandemic as retailers and foodservice outlets reopened their doors to consumers, from September 2022 the market has been impacted by soaring prices impacting purchasing power across households. This trend has intensified with rising interest rates and as a result, the demand for consumer lending facilities has become subdued, while repayment trends exhibited longer periods of more than five years.

Euromonitor International's Consumer Lending in Morocco report establishes the size and structure of the market for ATMs cards, smart cards, credit cards, debit cards, charge cards, pre-paid cards and store cards.
