Report description:

In 2023, a surge in living costs has driven price increases of 20-60% in cooking ingredients. As a result, demand has declined, especially among lower-middle-income consumers. To combat this, manufacturers have been focusing on smaller packs. On a more positive note, consumer awareness of international foods rises via platforms like YouTube, yet economic challenges result in reduced overall food consumption and cooking.

Euromonitor International's Cooking Ingredients and Meals in Bangladesh report offers in-depth knowledge of the market at a national level, providing local insight and understanding unavailable elsewhere.
