### **Report description:**

Many producers of cooking ingredients and meals are facing challenges in balancing the rising cost of energy, ingredients, packaging and logistics in 2023. While the prices of many products are rising some of the leading grocery retailers have played a major role in absorbing some of the price hikes by "freezing" prices as part of their marketing and sales tactics and to support their customers during this difficult period. In the second half of 2023 many areas of cooking ingredients and meals h...
