### **Report description:**

The lingering effect of the inflationary wave from 2022, exacerbated by the ongoing Russian invasion of Ukraine, has resulted in continued economic pressures. Moreover, cooking ingredients and meals is dealing with the consequences of climate change, including extreme temperatures, which are affecting food production and supply chains. The global supply chain is still suffering from disruptions and shortages, particularly for key ingredients such as edible oils, honey, and specific fruits and ve...

Euromonitor International's Cooking Ingredients and Meals in United Kingdom report offers in-depth knowledge of the market at a national level, providing local insight and understanding unavailable elsewhere. In addition to the latest retail sales data 2018-2022, it identifies the leading companies, brands and retail outlets, and assesses the key trends and demographic shifts behind consumer demand and sales growth.
