Report description:

The number of credit cards in circulation is set to witness remarkable double-digit growth in 2023, accompanied by even stronger surges in transaction volumes and values when compared with the previous year. These impressive performances not only underscore a double-digit growth trend for 2023, but also outpace the already commendable performances achieved back in 2019. The robust expansion in credit card usage can be attributed to a combination of factors, including the post-COVID-19 economic r...
