### **Report description:**

In 2023, debit cards remains the preferred and most widely used payment method, increasing from the previous year in terms of the number of cards in circulation, as well as the volume and retail value of transactions. However, this growth is set to be marginal in comparison with the previous two years. One of the main reasons is the country's current economic situation, which is characterised by high inflation and a rising cost of living, forcing consumers to turn to alternative payment methods,...
