Report description:

Sunflower oil dominates edible oils and consequently determines the overall market performance. Following price increases for sunflower oil in 2022 due to a rise in the cost of raw materials and logistics, prices declined in 2023 in the global market, which not only benefited the performance of sunflower oil but overall edible oils. Sunflower oil remains the most popular edible oil in Kazakhstan due to it being a traditional oil used for cooking. Kazakhs continue to have preference for its taste...

Euromonitor International's Edible Oils in Kazakhstan report offers in-depth knowledge of the market at a national level, providing local insight and understanding unavailable elsewhere. In addition to the latest retail sales data 2018-2022, it identifies the leading companies, brands and retail outlets, and assesses the key trends and demographic shifts behind consumer demand and sales growth.
