### **Report description:**

Peru has been experiencing a sustained increase in prices since 2021, with prices growing most rapidly in 2022 but continuing to rise in 2023. Although Peru is a country that has strong local brands, many of the final products and supplies are imported, which means that international circumstances have a strong local impact. The effects of the war following Russia's invasion of Ukraine and the unstable political context in Peru have been key factors in this increase. In this context, the edible...

Euromonitor International's Edible Oils in Peru report offers in-depth knowledge of the market at a national level, providing local insight and understanding unavailable elsewhere. In addition to the latest retail sales data 2018-2022, it identifies the leading companies, brands and retail outlets, and assesses the key trends and demographic shifts behind consumer demand and sales growth.
