**Report description:**

The global supply chain for edible oils has been heavily disrupted by the ongoing war in Ukraine. This has led to a significant increase in production, packaging, transport, energy, and labour costs, which in turn has led to soaring retail prices for consumers. Although this would typically dampen retail volume sales, two factors have worked to counteract this. First, the increased cost of living has discouraged many low- to middle-income Czech consumers from dining out at foodservice establishm...

Euromonitor International's Edible Oils in Czech Republic report offers in-depth knowledge of the market at a national level, providing local insight and understanding unavailable elsewhere.
