Report description:

The credit card business has become less lucrative for banks, primarily serving as a means to entice customers to deposit their salaries into banking institutions. The prevalent monthly inflation in Argentina has soared to alarming levels. Banks face the obligation of reimbursing merchants for expenses within eight to 10 business days, but often experience delays in receiving these payments. This financing gap necessitates absorbing costs, making the credit card business less profitable. Despite...

Euromonitor International's Financial Cards and Payments in Argentina report establishes the size and structure of the market for ATMs cards, smart cards, credit cards, debit cards, charge cards, pre-paid cards and store cards.
