Report description:

Meals and soups is expected to register both current value and volume growth in 2023. With society fully opened up post pandemic, and consumers leading busy lives, they appreciate the convenience of meals and soups, with ready meals in particular registering healthy current value growth. That being said, dry soup continue to account for most volume sales and the choice on offer is expanding, with brands such as Maggi offering more flavour options in soups, and smaller players also coming on line...
