### **Report description:**

Processed fruit and vegetables is expected to register a fall in volume sales in 2023, due to rising inflation. While Bolivia had managed to protect itself to a large extent from inflation by continuing to have a fixed exchange rate against the dollar, there were challenges for the economy in 2023. With sharp falls in foreign currency reserves, this increased inflationary pressure, particularly for imports, with inflation higher than 2022. As a significant portion of processed fruit and vegetabl...
