Report description:

Store cards continued to register a negative performance in 2023, in terms of both the number of cards in circulation and the value of transactions, continuing the trend established during the review period. This was due to strong competition from other financial card types and instruments, which offered greater flexibility. In contrast to credit cards, which could be used almost anywhere, it was only possible to use store cards in certain retail chains or stores, which limited their usage and a...
