Report description:

Sweet spreads' performance in 2023 was static in volume terms, as contrasting factors were at play. On the one hand, pressure on purchasing power and disposable incomes forced consumers to reduce out-of-home spending, especially when it came to breakfast, an eating occasion that most Belgian residents preferred to spend at home. At the same time, however, the high level of maturity of the category did not leave much room for growth, especially when it came to honey and jams and preserves. Overall...
