- Enterprisewide \$2900.00

### **Report description:**

#### REPORT OVERVIEW

This report offers market size & forecast data for the countertops market in the US. The revenue generated from the sale of countertops is included in the report. This report provides a comprehensive and current market scenario of the US countertops, including the US countertops market size, anticipated market forecast, relevant market segmentations, and industry trends. The study considers a detailed scenario of the present countertops market and its market dynamics for 2023?2028 in the US. It covers a detailed overview of several market growth enablers, restraints, and trends. The report offers both the demand and supply aspects of the market. It profiles and examines leading companies and other prominent players operating in the market.

#### MARKET DEFINITION

A countertop is a flat surface on which food can be prepared or placed items and easily cleaned. The surface is installed and supported by cabinets. It is positioned at an ergonomic height for the user and designed for a particular task. Countertops are used in kitchens, bathrooms, laboratories, retail stores, etc. Countertops are available in various materials such as granite, marble, quartz, solid surface, and laminate. Countertops are available in various colors, patterns, and finishes. When buying countertops for bathrooms or kitchens, various factors are considered, such as durability, resistance to stain, scratch, and heat, weather elements, low maintenance, aesthetics, budget, etc.

#### KEY HIGHLIGHTS

- The US countertops market was valued at \$28.07 billion in 2022 and is expected to grow at a CAGR of 3.90% during the forecast period.
- The US countertops market is growing significantly due to the trend of making larger kitchens and multiple bathrooms, increasing interest in outdoor kitchens, wet bars, and islands, emerging demand for smart countertops, increasing demand for durable laminated countertops, the surge in the hospitality industry, increasing remodeling activities of residential bathroom & kitchen,
