### **Report description:**

2023 saw dips in demand for scarves, hats, gloves and similar items of winter apparel as several factors undermined the willingness of consumers to spend money on such items. The most important influence on waning demand for warm scarves, hats and gloves was the very mild weather that was experienced in Hungary during winter 2022/2023, which meant that there was far less need for warm hats, gloves and scarves than in previous years. The second most important factor to consider is the high inflat...

Euromonitor International's Apparel Accessories in Hungary report offers a comprehensive guide to the size and shape of the market at a national level. It provides the latest retail sales data 2018-2022 and analysis by distribution format allowing you to identify the sectors driving growth.
